Who We Are

We focus on synthetic decking, pergolas, screens, and contemporary outdoor furniture, bringing over 20 years of expertise in our field.

Committed to Excellence in Craftsmanship and Service

Our team of skilled professionals is dedicated to delivering superior craftsmanship and exceptional customer service.

We are committed to utilizing sustainable materials that not only enhance the aesthetics of your project but also contribute to environmental conservation.

Partner with us for your next project to experience the perfect synergy of innovation, durability, and style.

Mall Internal Cladding

Ecotech Group offers internal facade and ceiling cladding solutions with composite timber beams:

- A modern aesthetic
- Low maintenance requirements
- Materials that resemble natural timber
- Enhanced architectural appeal
- **Durability and eco-friendliness**

Ecotech's expertise ensures a stunning sustainable design.

External Facade Cladding

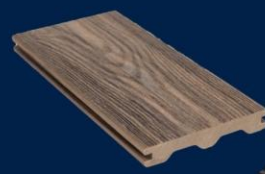

Ecotech Group's exterior building application T&G cladding along with composite timber beams, providing the following advantages:

- No need for painting
- B-rated fireproofing
- Minimal fading of just 3% over five years
- Increased architectural appeal
- Durability and eco-friendliness

Ecotech's unique layouts and styles truly set us apart.

Composite Decking

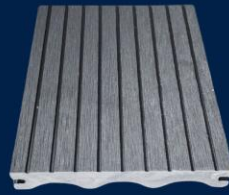

Ecotech Group's composite timber decking provides the following advantages:

- Durable and long-lasting
- Resists fading, warping, and splintering
- Low maintenance
- Made from recycled materials
- Environmentally friendly
- Various colours and finishes
- Slip-resistant surfaces

Ecotech's decking carries a 20-year guarantee.
